

MOHITH C

Dedicated Computer Science student currently pursuing B.Sc. at KG College of Arts and Science, with hands-on knowledge in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Eager to apply technical skills to develop efficient, scalable, and user-friendly web solutions.

Work Experience/Projects

AI CARRER GUIDENCE SPEAKER

AI Career Guidance Speaker is a smart web application developed using HTML, CSS, and Python Flask framework. It helps students choose the right career path by providing personalized suggestions based on their interests and skills. The system uses AI to analyze user input and deliver accurate guidance. It also includes a voice-based feature to interact with users for a better experience. This platform aims to simplify career decision-making and support students in achieving their goals.

Smart Attendance System Using face regonization

Smart Attendance System is an intelligent web application developed using the MERN stack (MongoDB, Express.js, React.js, Node.js). It uses face recognition technology to automatically mark student attendance in real-time. The system captures and verifies faces through a camera, reducing manual effort and preventing proxy attendance. It securely stores attendance data and provides an easy-to-use dashboard for students and faculty. This solution improves accuracy, efficiency, and transparency in attendance management.

Car Service Shop(Frontend)

Car Service Shop Website is a responsive web application developed using React.js for the frontend. It allows users to explore available car services, book service appointments, and view pricing details easily. The interface is designed to be user-friendly and interactive, ensuring a smooth customer experience. It also includes features like service tracking and contact support. This project focuses on improving accessibility and convenience for car service management.

Educational Background

bachelor of computer science(2024-2027)

KG college of arts and science sarvanapatti 641-035
CGPA: 8.0/10 (Current)
PERCENTAGE: 84.567

Government higher secondary school (2020-2024)

SSLC Percentage:73.4
HSC Percentage:93.333

Contact

21-B M.P.R Street karamadai

Skills

Technical Skills

- CORE-JAVA
- HTML,CSS,JAVASCRIPT
- NODE&EXPRESS.JS
- REACT.JS&JQUERY
- MONGODB,SQL

Tools

- VS code Editor
- Version Control
- Database Tools(UI)
- Eclipse(java editor)

Languages

- English (Fluent)
- Tamil(Fluent)

Certification

- NPTEL Certification(Big data computing)
- Front-end Webdevelopment(Html,css)
- Fundamenatl in Java(cousera)
- Foundation of Web development

Additional Information

- Engaged in multiple hackathons and programming quizzes, improving logical reasoning and teamwork skills. Experienced in working under pressure and delivering efficient solutions within deadlines.
